Nurturing Healthy Sexual Development™

**A Program of
Prevent Child Abuse Vermont**

Participants will:

- Gain a better understanding of the sexual development of children.
- Learn how to respond to children's sexual behaviors and questions in ways that promote healthy development.
- Recognize that a crucial component of nurturing healthy sexual development is protecting children from sexual abuse.
- Be aware of the scope of child sexual abuse.
- Understand the relationship between healthy sexuality and child sexual abuse prevention.

★ The NHSD training is a prerequisite for the CFK training. For a description of both programs, visit: <http://www.thecollinscenter.org/prevention/childrens-programming/>★

Care For Kids

**Early Childhood Healthy
Sexuality Education &
Abuse Prevention Program**

Care For Kids:

- Prepares early childhood educators to be proactive in preventing child sexual abuse through healthy sexuality education.
- Is a comprehensive, community-based approach to prevention that provides early childhood educators, parents, and other professionals with information, materials, and resources to communicate positive messages about healthy sexuality to young children.
- Teaches how to implement the program in your community, provide workshops for childcare staff, and teach the curriculum to children ages 3 to 8.
